PRACTICE COMPLAINTS PROCEDURE

If you have a complaint about the service you have received from any member of staff working in this practice, please let us know. The practice operates a Complaints Procedure as part of the NHS system for dealing with complaints. Our complaints system meets national criteria.

Note: If you make a complaint it is practice policy to ensure you are not discriminated against, or subjected to any negative effect on your care, treatment or support.

HOW TO COMPLAIN

In the first instance please discuss your complaint with the staff member concerned. Where the issue cannot be resolved at this stage, please contact the site Operations Manager:

- Annandale: Nikola Holbrook
- Manchester Road: Alison Newell
- Toft Road: Leah Bratherton

Who will try to resolve the issue and offer you further advice on the complaints procedure. If your problem cannot be resolved at this stage and you wish to make a formal complaint, please let us know as soon as possible, ideally within a matter of days. This will enable the practice to get a clear picture of the circumstances surrounding the complaint.

If it is not possible to raise your complaint immediately, please let us have details of your complaint within the following timescales:

- Within 12 months of the incident that caused the problem
- OR**
- Within 12 months of discovering that you have a problem, provided this is within 12 months

The Practice will acknowledge your complaint within three working days.

If necessary the Practice will arrange a meeting with you to discuss the complaint, to agree with you how the complaint is going to be investigated and the timescale for this to be completed.

A full written response will be provided within 21 working days, unless you are advised otherwise. You will be updated of how the investigation is progressing regularly.

When the practice looks into your complaint it aims to:

- Ascertain the full circumstances of the complaint
- Make arrangements for you to discuss the problem with those concerned, if you would like this
- Make sure you receive an apology, where this is appropriate

Identify what the practice can do to make sure the problem does not happen again
